

High School Microscope

Model: M220LED

- MONOCULAR HEAD
- WF10X EYEPIECE
- 4X,10X,40X DIN ACHROMAT OBJECTIVES
- PLAIN STAGE WITH 0.65 CONDENSER
- LED ILLUMINTAION

The M220 Series is designed specifically for high school biology, offering durable and reliable microscopes that are built to last and are supported by our Limited Lifetime Warranty. Choose from a variety of models and features to suit your needs, including options with traditional tungsten bulbs or cool-lite fluorescent bulbs.

Select from different head configurations: inclined monocular, dual, or "Teaching" heads. All models are parfocal and parcentered, and their stages are drilled and tapped to accommodate optional mechanical stages, with some models featuring mechanical stages already installed.

Each microscope comes with an arm-mounted cord wrap, dust cover, and instruction manual
