

Clorox[®] Total 360[®] ProPack System

Kill COVID-19 virus[§] and over 50 other pathogens with the new Clorox[®] Total 360[®] ProPack System[§]

Now more than ever, facilities need technology to help keep their spaces safer and healthier. The Clorox[®] Total 360[®] ProPack is a lightweight system with superior electrostatic disinfecting performance to help ensure surfaces — front, back and sides — can be properly disinfected and sanitized.

With added mobility in a comfortable backpack, the Clorox[®] Total 360[®] ProPack enables facilities to disinfect both large and cramped spaces.

Empowering facilities to take on pathogens with the power and confidence of the Clorox[®] Total 360[®] System.

The Clorox[®] Total 360[®] ProPack System...

TAKES LESS TIME

Up to **75% faster***

COVERS MORE

Treat up to **18,000 sq. ft./per hour**

REDUCES COST

Uses **65% less** solution*

A New Way to Fight the High Cost of Illness and Maintain a Safer Environment

- ▶ **\$1,685** — Average annual cost of illness to employees¹
- ▶ **\$400,000** — Cost to major university to combat a single Norovirus outbreak²
- ▶ **64% of office employees** — reported regular cleaning of equipment and shared spaces as the most important factor for safety and cleanliness³
- ▶ **57% of customers** — reported regular spraying/fogging to disinfect shared spaces as the most important factor for safety and cleanliness³

The Clorox[®] Total 360[®] ProPack System provides complete surface coverage with more mobility to help quickly disinfect large spaces and the most time-consuming, hard-to-reach places.

Mobile and Flexible

Lightweight device can be worn all day.

Uses an ergonomically designed backpack harness.

Sprayer holster allows user to perform other tasks without missing a beat.

Safe, Reliable Delivery

A **50-foot** electrical cord enables superior, reliable electrostatic performance.

Uses the same trusted Clorox disinfecting solutions that are EPA-registered to use through electrostatic sprayers.
