

Phlebotomy Tray

Product Images

Short Description

1 Single place TUBE-Cube for Alcohol dispenser (pictured, not included) or ice cup
1 Four place TUBE-Cube for 50ml tubes
2 Nine TUBE-Cubes place for regular blood tubes
2 red squishable hearts
Sharps container and tubes not included

Description

The Flexi-Phleb has large carrying capacity without bulk. The tray provides a handy pull out drawer that is great for storing needles, bandages and other items. The top level accepts removable TubeCUBEs that secure a variety of tubes, ice cups for temperature sensitive samples, or sharps containers. Back at the lab, merely exchange your collected samples in Tube-CUBE
