Many people are still stuck in mass produced, poorly constructed beds. Their health and their homes deserve more. Kalmia is the answer. The aesthetics are as upscale as you would find in any residential bedroom. Kalmia mattresses were designed from the ground up using a layered construction of memory foam, client control fabric and wellness features. You get:

- **Superior pressure redistribution and support** - relieves muscle, joint, and back pain while keeping your body in perfect alignment
- **Firm side edge** - decreases the risk of falls while laying down or sitting
- **Works with Perfect Height Adjustable System** - which comes with a massage feature that is shown to reduce muscle soreness and improve circulation
- **Compressed and UPS shippable**
