

MICRO-TOUCH[®] Plus Sterile

P e r f o r m a n c e S e r i e s

Latex, powder-free, sterile examination glove with excellent tactile sensitivity and grip

This sterile glove has excellent elasticity allowing it to stretch easily and return to its original shape, providing the ultimate fit, feel and comfort. It is ideal for sterile examination (non-surgical) procedures.

KEY FEATURES AND BENEFITS:

- Superior strength and barrier protection
- Inner polymer coating enables effortless damp and dry donning
- Fully textured surface for enhanced grip and handling in wet or dry conditions
- Packaged as a single sterile glove per pouch

Caution: This product contains natural rubber latex which may cause allergic reactions including anaphylactic responses.

Recommended For

- Sterile procedures outside of the O.R.
- Brief, low-risk examination procedures

MICRO-TOUCH[®] Everyday, Everywhere Protection

MICRO-TOUCH[®] premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.

MICRO-TOUCH[®] Plus Sterile

Performance Series
