

**GP PRO Pacific Blue Ultra™ 9" Mini Automated Touchless Paper Towel Dispenser, Black**

**Description:**

From the makers of enMotion® products comes the Pacific Blue Ultra™ Mini Automated Paper Towel Dispenser. Designed to fit in small spaces, this automated dispenser features motion activation and touch-free, one-at-a-time enclosed dispensing so you only touch the paper towel you use. That helps cut down on germ transmission and helps reduce waste. Unlike folded towels, customers can't grab stacks of dispensed towels, so they're less likely to end up all over the floor. Ideal for use in restaurant hand-washing stations, office break rooms and restrooms, healthcare exam rooms, nurses' stations and more, Pacific Blue Ultra™ dispensers are built to handle heavy usage and are backed by a 10-year warranty. The Pacific Blue Ultra™ Mini Automated Paper Towel Dispenser and refills are part of an entire family of high-quality paper towels, toilet paper, soap dispensers, soaps and hand sanitizer that give restrooms, break rooms and workspaces a coordinated, clean, elevated image.
