

TECHNICAL DATA SHEET

FEATURES & BENEFITS

- Fast and easy placement; transforms into a gel within seconds.
- Fills wound and forms a strong clot for effective bleeding control while absorbing up to 400% its weight in fluid.
- Stays securely in place by adhering to the wound—no suturing required.
- Safe, natural treatment; helps prevent adverse effects. Made from 100% hypo-allergenic cellulose with no chemicals or animal-based products.
- Natural antibacterial properties promote healing and reduces incidence of post-operative infection.
- Gelatinous plug gradually dissolves into saline and glucose which minimizes the risk of infection.
- Saves valuable chair time with convenient packaging.

RECOMMENDED USE

- Used in Healthcare Facilities for management of topical wounds and temporary control of external surface bleeding such as minor cuts and minor laceration.

CERTIFICATION & STANDARDS

ISO 13485 certified manufacturer.
Class 2 Medical Device.
Health Canada registered medical device manufacturer.

STORAGE CONDITIONS

Gauze should be disposed of after each use.
Store in a cool, dry place.
