FIGURE C

FIGURE D

- Both lightweight and durable the rust-resistant aluminum frame supports up to 400 lbs.
- Each leg includes a non-skid, non-slip tip offering security on wet surfaces.
- A removable push-button armrest supports transferring in and out of the bathtub.
- Simply and quickly adjust the height with the help of a push pin to achieve the ideal seated position. Seat height adjustments on this model range from 17.5" to 22.5".
- Drainage holes help to prevent water from pooling, making the bench more comfortable, less slippery and ensuring transfer from bathing to exiting the tub is more secure.
- Push button, snap together design requires no tools and assembles in just minutes.
- Feel good knowing that plastics parts of this product are made using recycled materials.
- Drive PreserveTech products are manufactured with an antimicrobial* agent that helps to minimize the growth of stain and odor-causing bacteria and mold on treated surfaces.
- *Antimicrobial properties are built in to protect the products. These products do not protect users or others against bacteria, viruses, germs or other disease organisms.
