

Delta® Pro Homecare Bed System

HCPCS:

- Patent pending Universal Frame can configure with various component to create up to SIX unique bed configurations offering more homecare bed options without the need to store more beds!
- Assists with inventory constraints by offering 1 homecare bed system that can transform to suit multiple needs using color coded component options
- Product Safety & Performance Standards: Meets IEC 60601-2-52; 60601-1; 60601-1-2; 60601-1-11
- Safe working load capacity of 450 lbs
- Choose between semi-electric and full electric motor options to provide head, foot, and height adjustability of bed frame as needed (excludes 15003PN, manual crank homecare bed system)
- Ultra lightweight head and foot frames easy to set up by 1 individual with no links to connect and no tools required
- Square tube steel frame slat deck provides durable strength, no-sag mattress support, and is easy to clean
- HD Polyethylene molded bed ends are attractive, labeled for proper assembly, and easy to clean and maintain
- Bed End safety lock slides over hanger pins to prevent disengaging from bed ends
- UL approved motor is self contained for reduced weight and noise and can be easily installed and removed with patient in bed (excludes 15003PN)
- Reduce service calls with large glow in the dark hand pendant that is easy-to-use for adjusting head and foot deck sections; built in battery backup and LED indicators for power and lockout included (excludes 15003PN)
- Power failure protection available on dual style motors via a 9-volt battery (not included) located in the hand pendant which can return the frame to a horizontal position. Manual cranks included for all styles (excludes 15003PN, no electrical components means independent of electrical power availability)
- Frame includes mounted retractable full rail receiver brackets to eliminate cross braces ensuring proper placement and reducing equipment loss
- Half (15561HRAIL) and full (15561FRAIL) rails are available, sold separately, and meet FDA entrapment guidelines as well as ASTM standards
